

Summer School Molecular Medicine

18 August - 19 September, 2024
Jena, Germany

**Would you like to get familiar with research topics of molecular medicine
and modern laboratory techniques
and
learn more about the cultural life of Jena and its environs?**

Apply for the Summer School for Molecular Medicine until 10 March

We encourage highly motivated young scientists with an excellent Master's degree (or equivalent) to apply for the Summer School Molecular Medicine. The course is free of charge. Accepted candidates will be supported by a grant covering accommodation and part of the travel expenses. Candidates who successfully complete the course will have the opportunity to apply for a PhD position in one of the participating research groups. Candidates with an MD will have the opportunity to join an MD or MD/PhD program. Detailed information about the Summer School can be found on our homepage: <https://www.uniklinikum-jena.de/summerschoolmolmed/en/>

Requirements

- Master's / Diploma degree in biosciences, biochemistry, medicine or related fields
- Above-average grades
- Experience in standard laboratory techniques
- High level of English proficiency
