

For those who see what others don't. Not for everyone.

We're a team that sees beyond the surface. We know we're not for everyone.

This is a place for those who thrive on understanding businesses and their strategies, uncovering insights and ensuring everything adds up.

If you enjoy solving puzzles, understanding businesses from the inside out, and making sure every decision is backed by solid data, you'll fit right in.

Here, accuracy meets innovation and sustainability, and businesses count on you to get it right.

You'll work with top-tier companies, harness digital tools, uncover risks, challenge assumptions, and uphold financial integrity.

For the forward-thinkers, the precise, the methodical, and the ones who know that every detail matters.

Solve what others can't. Grow as much as you dare. Belong in your own way.

We're looking for graduates or early-stage professionals to join our high-performing Assurance team. Be part of our Assurance Graduate Program to work with the best Assurance teams and grow your career in the global leading professional services firm in Greece. You will be coached by top professionals to gain valuable insights and understand how a client's business works.

You will have the opportunity to develop unique and diversified skills through high scale projects, by working in rotation assignments between Core Audit and CMAAS team.

The Capital Markets and Accounting Advisory Services team provides a range of services designed to support clients successfully navigate the complexities of financial reporting and regulatory compliance. In this role, you will provide expert advice on challenging accounting matters, preparation of financial statements, support significant transactions such as mergers and acquisitions, and assist with capital markets activities including IPOs and debt offerings.

Collaborating with a wide range of clients, you will ensure they adhere to the latest accounting standards and regulatory demands while developing innovative risk management solutions. We seek proactive, detail-oriented professionals with strong backgrounds in accounting, finance, or related fields who are passionate about delivering impactful solutions and contributing to our clients' success in the ever-changing financial environment. If you are eager to learn and grow with a leading firm, we invite you to apply and make a difference with PwC Greece.

SOLVE WHAT OTHERS CAN'T.

We're working for something bigger than ourselves. You'll be proud to be part of it. Your job description:

- Think broadly and ask questions about data, facts and other information
- Produce high quality client deliverables which adhere to the relevant professional standards, ensuring proper monitoring of basic engagement economics and logistics
- Support research, analysis and problem solving using a variety of tools and techniques and analytical capabilities
- Keep up-to-date with technical and business developments for areas of specialism and review trends both domestically and internationally
- Work as part of cross - functional teams within PwC to bring our clients high value propositions and deliver solutions
- Build and maintain long-lasting relationships with clients
- Participate in a broad range of client facing assurance projects and assist teams in drafting proposals

GROW AS MUCH AS YOU DARE.

We're a team made for those who thrive on feedback, who are committed to learning by doing, and who see challenges as opportunities. What you bring to the team:

- BSc or MSc in Economics, Accounting & Finance, Management, Business Administration, Engineering and/or related disciplines.
- 0-2 years of working experience.
- Excellent organizational skills with a keen eye for detail.
- Confident and positive attitude.
- Commitment to providing excellent quality work and building client relationships.
- Communicate confidently in a clear, concise and articulate manner - verbally and in materials produced.
- Embrace different points of view and welcome opposing and conflicting ideas.
- Advanced level of critical thinking & judgment.
- Tech Savvy and digital skills to be part of the Assurance transformation to digitisation.
- Fluency in both Greek and English.
- Military obligations fulfilled for male candidates.

BELONG, IN YOUR OWN WAY.

We have created a circle of connection standing by each other, through every challenge and every win. What's in for you:

- A hybrid working model and a competitive package that values your impact.
- An advanced office space designed to inspire, innovate, and support more than just work.
- Career acceleration with personalized growth opportunities that align with your goals—both globally and locally.
- Well-being and balance through wellness initiatives, extra leave days, and continuous development that puts you first.

Benefits of Assurance Graduate Program:

- 4-day work week (July to December for ACCA/ACA students)
- ACCA/ACA professional qualification fully funded
- You develop important technical and leadership skills through high scale projects, build confidence and create a professional network
- You will be coached by top professionals and understand how the client's business works

We're not for those who:

- Prefer predictable, routine work.
- Avoid thinking critically and challenging the status quo.
- Like working in isolation instead of dynamic teams.
