

We are looking for

Industrial Designer

In Patras, Greece

ALTHOM is a high performing service provider in the fields of Engineering, R&D, Technical data & Documentation, Process, Methods and Tools consulting & development, with locations in Germany and Greece.

We are seeking a skilled Industrial Designer with proven professional experience to join our development team.

If you have a passion for engineering and a strong background in industrial design & development, we invite you to take the **NEXT** step and join our dynamic engineering team!

Position Summary & Key Responsibilities

- Design mechanical components (parts & assemblies), mainly for seat systems for land and air vehicles (such as eVTOL etc.), ensuring compliance with industry standards and specifications.
- Create 2D & 3D models, sketches, and assembly instructions.
- Create 2D detailed industrial drawings based on specifications
- Analyze mechanical design aspects of the equipment, subassemblies, and components.
- Conduct 2D drawings validation.
- Collaborate with cross-functional teams including R&D, manufacturing, testing and quality assurance to ensure successful product qualification and certification.
- Ensure compliance with regulatory requirements and industry-best practices for safety and performance.
- Collaborate with suppliers and vendors to source appropriate materials and components.

Your Profile:

- Degree in Mechanical, Industrial Engineering (BSc., Meng., Msc.) or a related field.
- Minimum of 1 year of professional experience mainly in 2D drawings for industrial equipment.
- Proficiency in CATIA V5 part, assembly design & sketching.
- Excellent problem-solving skills and ability to work in a fast-paced environment.
- Knowledge of German will be considered as a strong plus.
- Effective communication and teamwork skills.

Additional Benefits & Perks:

- Opportunities for training and professional development.
- A vibrant, friendly, and highly motivating working environment.
- Opportunity to get involved in applied industrial projects dealing with cutting edge and disruptive technologies.

We offer a competitive salary package, professional growth opportunities, and a collaborative work environment. In addition, we provide a range of comprehensive benefits to our employees, including private health insurance coverage, as well as opportunities for career advancement.

If you are a highly motivated and experienced design engineer, we encourage you to apply.

If you are interested in applying for this position, kindly send your **CV in English** to careers@althom.eu quoting **CATIA CAD** into the subject line.

ALTHOM is an equal opportunity employer committed to diversity and inclusion in the workplace.

All information received will be treated with strict confidentiality.
